PARTNER TESTIMONIALS

Fantastic couple of days at the Project Controls Expo UK - we have tried to capture the energy and enthusiasm of the event in this little montage. Getting a group of like-minded project professionals in a room is always going to generate some debate and fun of course...and we have managed to capture some of that here too!

Great to catch up with our clients, associates, and friends at the event...thanks for your support and friendship.

MANAGEMENT

5/5

The Expo was truly remarkable. We were overwhelmed by the tremendous turnout and the number of people who visited our stand. It was an incredible experience, and we had two fantastic days filled with engaging conversations and interactions. It was truly a great success, and we are thrilled with the outcome.

Have just spent a couple of fantastic days at the Project Controls Expo in London. Superbly run, with great content for all interests this was an outstanding event that is a credit to the organisers and an excellent platform for those wanting to make a difference in project execution to get together. An effective project controls solution is a critical necessity for any organisation wanting to remove project waste and deliver projects and programs on time, all the time.

That's a wrap for Project Controls Expo UK 2024 at Wembley Stadium! Planisware was pleased to be Platinum Sponsor again and we gained valuable insights into the best practices in project management. We had the opportunity over two days to engage with industry experts and explore different project control strategies. It was lovely to see the team from TPG The Project Group UK & Ireland too! And of course, thank you to Antonio Nieto-Rodriguez for delivering a session on ending the battle on agile and waterfall. Here's to next year!
