

Project Controls EXPO

7-9 June 2022

INTRODUCTION

VIRTUAL EVENT

About Us

“Expo

is a celebration of
project controls”

‘The World's largest project controls event dedicated to the advancement of Project Controls, with the objective of providing significant awareness on the process, tools and techniques available to its stakeholders. It highlights the value of Project Controls and the impact it can have when put to use effectively’.

Problem Statement

A report by McKinsey states 98% of megaprojects face cost/schedule overruns or delays. The reasons include flawed performance management, insufficient risk management, missed connections (lack of planning) amongst a few others which lead to:

- loss of control on projects
- missed deadlines
- delayed phased completions
- incurring penalties
- incurring payment delays
- erosion of stakeholders' trust and finally, with public projects, poor justification of taxpayer's money

Another report by PWC, suggests that worldwide infrastructure spending will grow from \$4 trillion per year in 2012 to more than \$9 trillion per year by 2025. Overall, close to \$78 trillion is expected to be spent globally between 2014 and 2025.

This calls for more enhanced dialogue between government, industry and professional bodies **to come together for sharing lessons learnt, best practices and engage more collaboratively** for successful project delivery.

Project Controls Expo, started in 2010, offers this **platform where a wide range of industry players** (Oil & Gas, Aerospace, Pharmaceutical, Infrastructure, Construction, Government, Defence, etc.) and professional bodies (APM, ACostE, ICEC, AIPM, PMI, AIQS etc.) **engage with a range of professionals and technology providers for the development/advancement of the profession.**

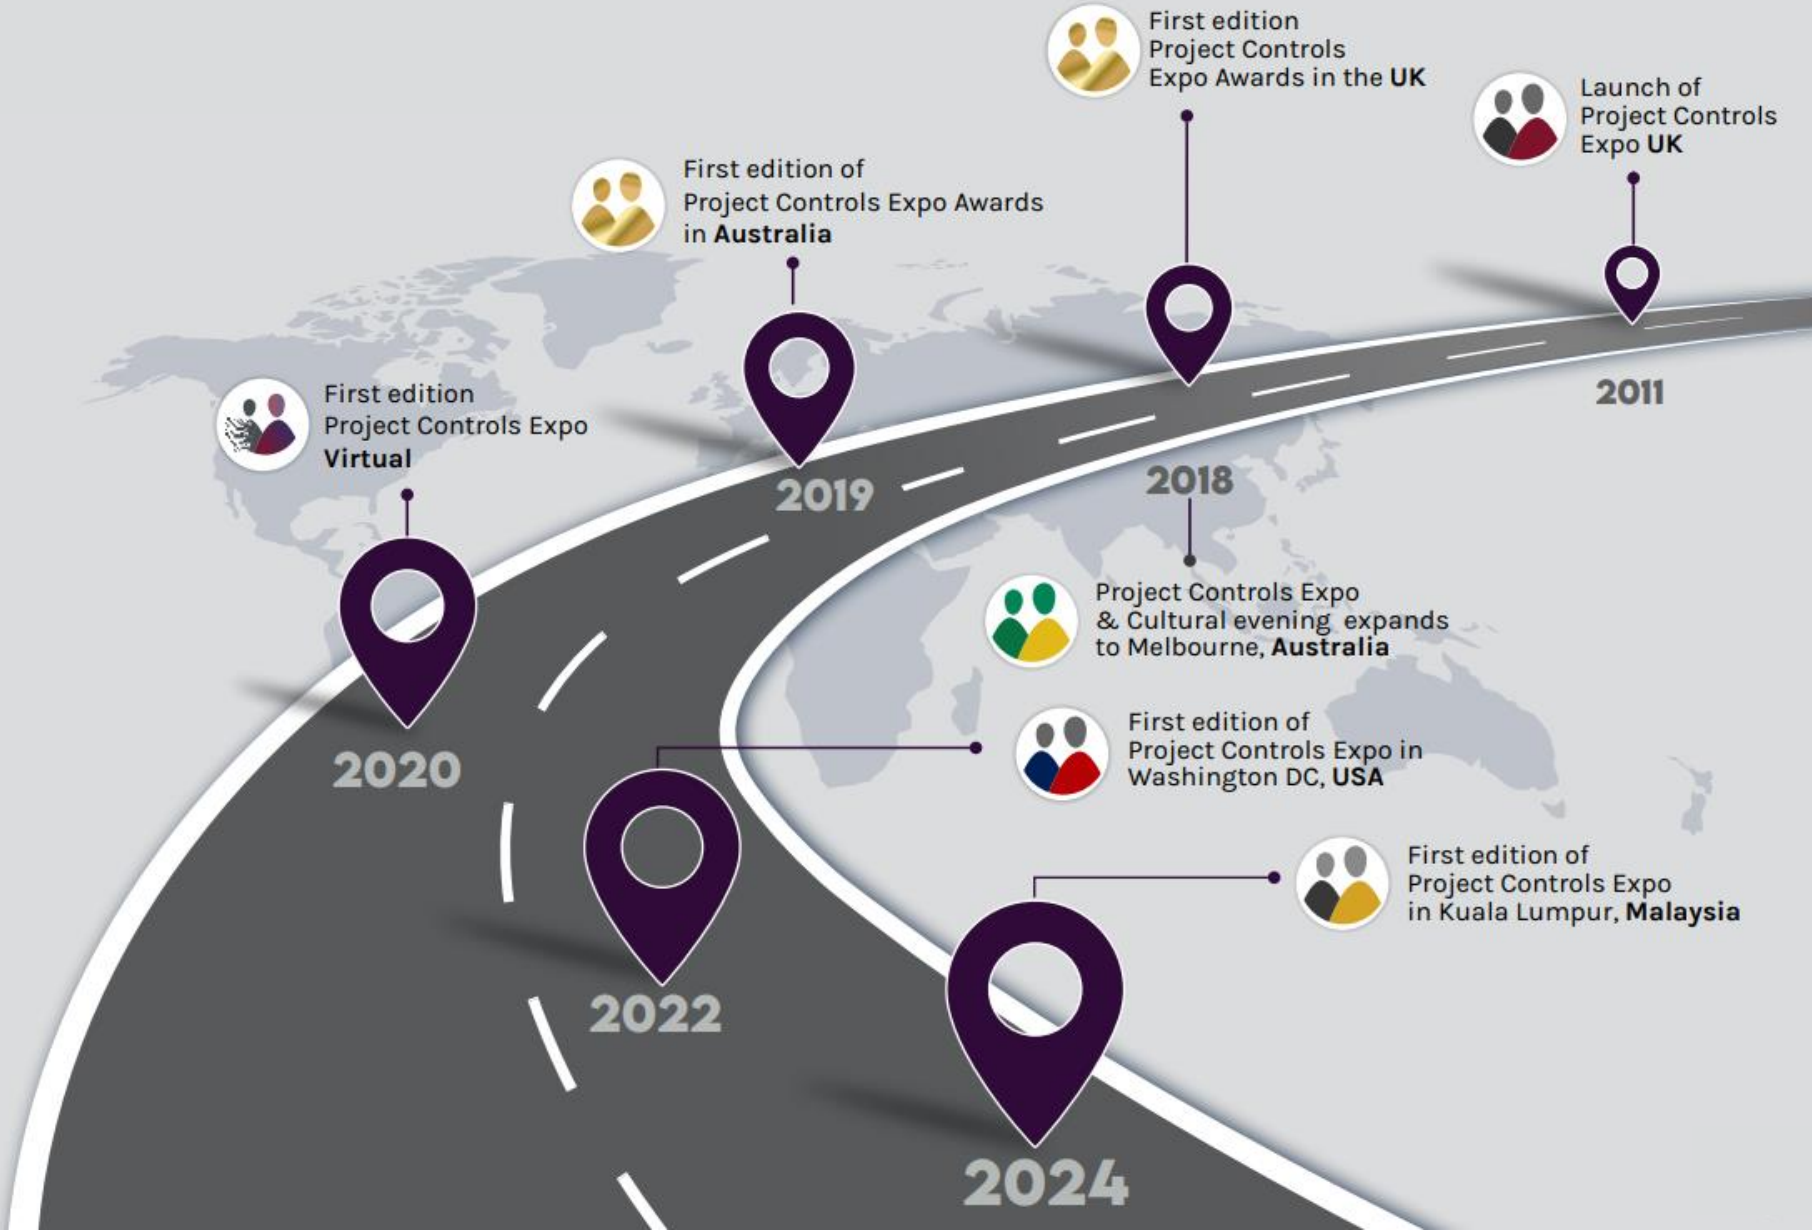

Who Attends

- Project Controls Engineers
- Cost Estimators & Engineers
- Planners & Schedulers
- Planning Engineers
- Tendering Managers
- Project Leaders / Directors / Managers
- Programme Directors / Managers
- Project Managers
- BIM Professionals
- Risk Engineers / Managers
- Delay Claims Analysts
- Project Engineers
- Project Development Engineers

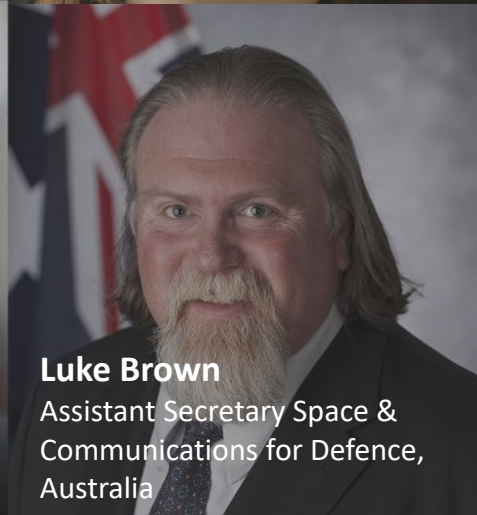

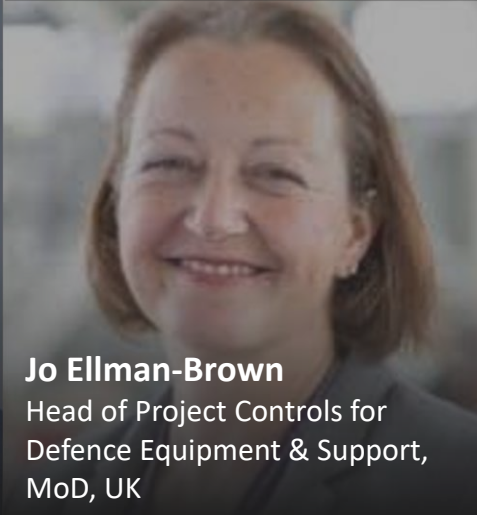

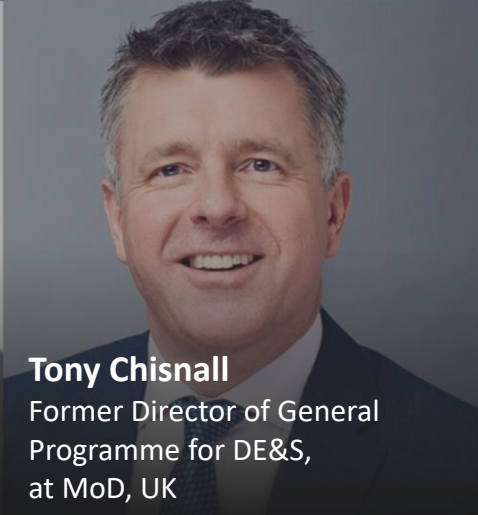

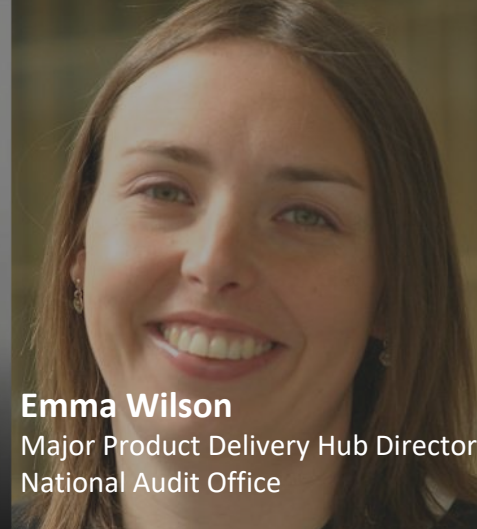

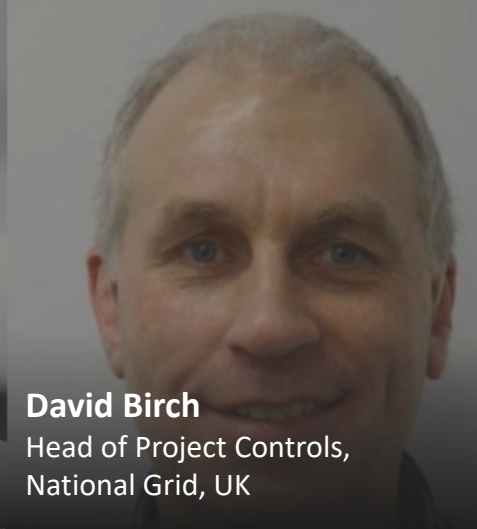

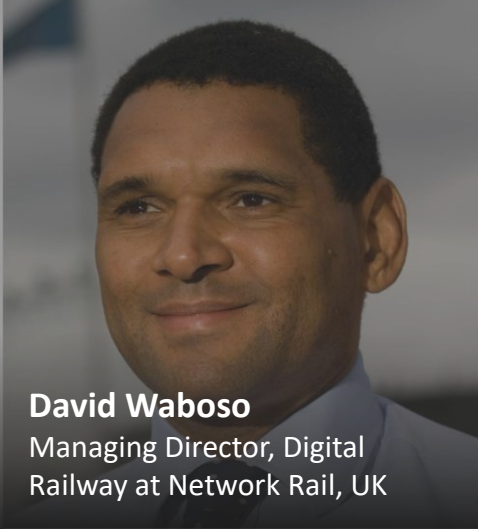

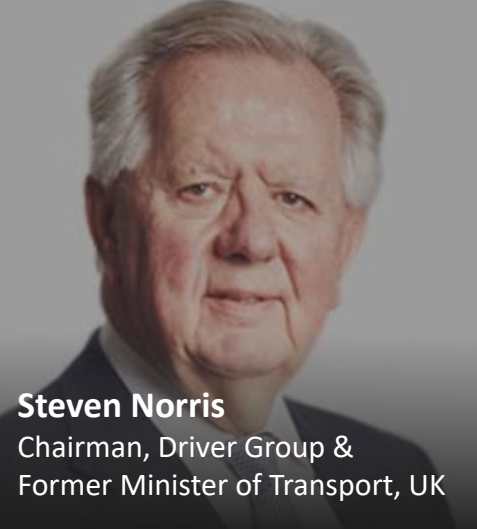

Our Journey

Testimonials

“ Congratulations. This has been an excellent event; very interesting topics have been discussed. Thank you for the excellent work you did. ”

Fabio Arias

Sanjiv Parekh
Zerofloat Pty Ltd

“ Amazing global event and great work. Congratulations to all. It’s a true celebration of project controls. ”

“ It was my pleasure to participate and share some information about the COVID-19 impact on the Construction Industry in cooperation with the Project Controls Expo Virtual 2020.

I really enjoyed it. Many thanks to Project Controls Expo for their support and efforts. ”

Project Controls Expo Virtual, Global

Over the years we have delivered major **steps towards professionalizing project controls** and bringing its professional community together in a **networking environment for knowledge sharing**.

With ambitious infrastructure projects across the world, we intend to bring professionals, apprentices, and professional organisations together to the benefit of the industry, while understanding the skill sets required for future generations to deliver.

Technology now plays a large part in everyday working and we have **innovative technology providers** showcasing new opportunities with machine learning, AI, and extensive use of data for predictive analysis.

As we continue to adapt our plans to the new world challenges, in addition to our physical events, we have now created a **brand-new global virtual platform**, that will bring the same **high-quality networking and learning opportunities**, whilst also creating an environment as close as possible to the **physical Expo experience, in a digital and interactive format**.

Key Features

Delivering presentations in multiple languages

Global representation – industry, partners and delegates

Browse and download information documents offered by our partners

Presentation recordings available for a later viewing

Low cost (USD50 incl taxes) making it affordable to everyone

Running sessions 24 hrs a day to cater for every global time zone

Replication of successful Project Controls Expo model in virtual platform

Enhanced networking experience by connecting with peers, prospects and experts from across the globe

Partner showcase offering immersive and simulative experience in an interactive platform

Access to latest trends, innovations, case studies and knowledge from the comfort of your home/office

Global – 24 hours/day

4 parallel tracks:

- Track 1: Back to Basics
- Track 2: Technology
- Track 3: BIM
- Track 4: Masterclass

DAY 1

7th June

4 parallel tracks:

- Track 1: Megaprojects
- Track 2: Technology
- Track 3: Innovation
- Track 4: Case Studies

DAY 2

8th June

4 parallel tracks:

- Track 1: Innovation
- Track 2: Case Studies
- Track 3: Masterclass
- Track 4: Dynamic

DAY 3

9th June

Calendar Events 2022

Virtual
Global – 24h / day

7-9 June

USA
Nationals Park, Washington DC

4-6 October

UK
Wembley Stadium, London

15-16 November

Australia
Melbourne Cricket Ground

29-30 November
