

WHY APHEX?

Aphex is multiplayer scheduling software that gives you an **accurate, real-time view** of your project's **entire short-term plan.**

With Aphex, you can say goodbye to the mess of spreadsheets and project files that plague construction delivery teams.

ONE PLACE FOR SHORT-TERM PLANS

Engineers and planners can finally sing from the same hymn sheet – preventing miscommunication and clashes.

CATCH PROBLEMS EARLY

See what's happening on the ground at any time. Spot clashes and delays, and take action before problems occur.

GIVE VISUAL UPDATES

...and run faster meetings. Create custom views of your project data, including maps, Gantt's, lists, and boards.

The world's largest contractors use Aphex to replace spreadsheets, bust silos, and speed up delivery.

“With Aphex, our whole project team works in a single connected plan.”

Vivek Manikam
Senior Planning Engineer at John Holland

“We have better quality data for the delivery and site-based teams to understand problems and avoid major issues.”

Ali Naqvi, Senior Planning and Project Controls Engineer at Laing O’Rourke

“Aphex is up there with the most important tool used for delivery. It aligns everyone and provides immediate feedback on how we are planning and performing.”

Mitch Corrigan, Project Delivery Manager at Martinus

IMPORT FROM ORACLE P6

Get started quickly with Aphex’s custom data import from P6.

AUTOMATE ROUTINES

Easily run lookahead meetings, promise tasks, and track delays – keeping plans accurate and up-to-date.

ADD RESOURCING FOR TASKS

Create and assign resources to each task, including subcontractors, labor, plant, and materials.

MARK CRITICAL MILESTONES

Bring major contractual deadlines into your short-term plan.

ENTERPRISE READY

Certified ISO 27001 and Cyber Essentials Plus, with SSO and custom training for enterprise.

EXPERT TRAINING AND SUPPORT

White-glove training and an expert support team, with an average response time of under a minute.

MAPS MADE EASY

Connect your GIS or add images to visualise work areas and identify potential clashes.

INTEGRATE WITH POWER BI

Pull live Aphex data into Power BI. Get started quickly with our free reporting templates.

PRINT YOUR PLAN

Print custom views of your plan, including Gantt, and automatic map view flipbooks.
