**WORLD'S
LARGEST EVENT**
for project controls

5-6 November 2024
Wembley Stadium, London

Day 1 Tuesday, 5 November

08:00 AM - 04:45 PM

Partners Showcase 5 Seminar Streams

- Case Studies
- Innovations
- Technology
- Back to Basics
- Controls & Skills

2 Panel Discussions and Audience Q&A

06:00 PM – 10:00 PM

Evening Proceedings
Awards Drinks Reception
Awards Ceremony & Black-Tie Gala Dinner

Day 2 Wednesday, 6 November

08:00 AM - 04:45 PM

Partners Showcase 5 Seminar Streams

- Masterclass
- Megaprojects
- Innovations
- Case Studies
- Controls & Skills

2 Panel Discussions and Audience Q&A

05:00PM- 7:00PM

Evening Proceedings
Evening Social
Stadium Tour

ORACLE
Construction and
Engineering

Get control of your projects

The Oracle Smart Construction Platform combines industry-trusted applications with a common data environment and an ecosystem of partners to help owners and delivery teams work together to continuously improve outcomes. With applications to plan and optimise portfolios, maintain schedules, control costs and contracts, automate processes, the platform synchronises activities and resources while connecting teams and empowering individuals with predictive insights to make well-informed, proactive decisions.

Modern cloud applications with NEC4 contract support, best in class Oracle technology and highly compliant, secure infrastructure provide the foundation to outperform expectations while keeping your data safe.

Platinum Partner – Planisware

Planisware is a leading business-to-business (“B2B”) provider of Software-as-a-Service (“SaaS”) in the rapidly growing Project Economy.

Planisware’s mission is to provide solutions that help organisations transform how they strategize, plan, and deliver their projects, project portfolios, programs, and products.

With close to 700 employees across 14 offices, Planisware operates at a significant scale, serving around 545 organisational clients in a wide range of verticals and functions in more than 30 countries worldwide. Planisware’s clients include large international companies, medium-sized businesses, and public-sector entities.

Planisware is listed on the regulated market of Euronext Paris (Compartment A, ISIN code FR001400PFU4, ticker symbol “PLNW”). For more information, visit: <https://planisware.com/>

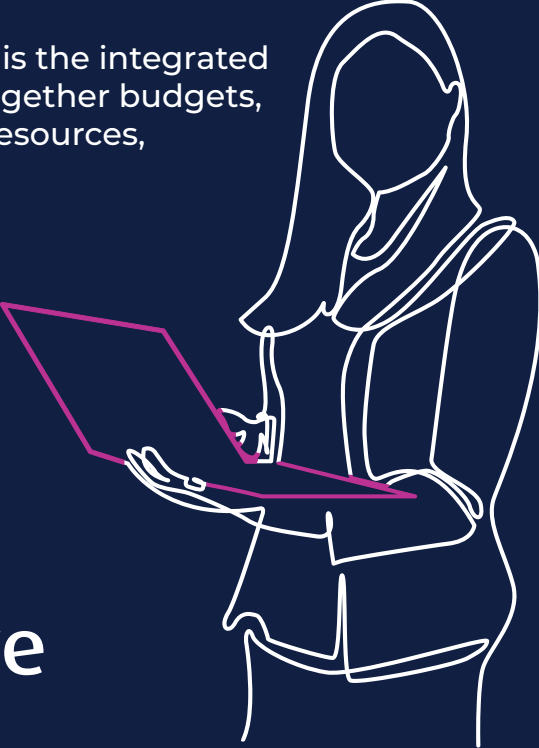

Connect with Planisware on: LinkedIn and X (formerly Twitter).

 **PLANISWARE**
ENTERPRISE

The industry leading **PPM tool**

Planisware Enterprise is the integrated solution that brings together budgets, forecasts, schedules, resources, and actuals.

Platinum Partner – RPCuk

At RPC, we recognise that when all the many stakeholders involved in planning and executing a major project work in silos, this leads to double working, manual entry, inefficiencies and errors. That's why our out-of-the-box, rapidly deployed project control solutions, based around the Oracle Primavera toolset, offer a holistic approach that integrates the workflows and reporting processes of Planners, Schedulers, Cost Engineers, Contracts departments and more.

When you choose RPC, we work with you to shape the solution that meets your needs and then support your implementation with Hosting, Training, Support and ongoing Consultancy, making sure that – wherever you are and whatever you do – you can be sure of the best return on your investments.

Talk to us about our project controls platform or **find out more at www.rpc.uk.com**

The banner features the RPCuk logo at the top left, followed by the text "Project Controls Platform" in large white font. Below this is the tagline "Wherever you are Whatever you do". The central part of the banner displays a screenshot of the Oracle Primavera Unifier software interface, showing various project management dashboards with charts and data. To the left of the software screenshot is a list of services: Change Management, Earned Value Management, FIDIC Contract Management, NEC4 Contract Management, Project Controls, and Cost Management, each accompanied by a small icon. At the bottom left is the Oracle logo with the word "Partner" next to it. On the right side of the banner, there is a circular logo with a stylized 'e' and the text "Proudly employee owned." The background of the banner is a dark green gradient with a faint image of an airport terminal and a bridge.

Upskill your team, nurture talent and develop in-house capability with the Project Control Framework

Visit us at
stand
2

Integrating this framework, ECITB training, qualifications and apprenticeship standards into your in-house staff development nurtures talent, provides a pathway for future growth and supports you to attract and retain project control expertise.

This includes the relevant technical expertise, alongside wider context, communication skills and the ability to apply skills to governance, continuous improvement, data analytics and the drive towards carbon reduction and environmental sustainability.

Who are the ECITB?

The Engineering Construction Industry Training Board works with employers and training providers to attract, develop and qualify the engineering construction workforce in a wide range of craft, technical and professional disciplines.
