

ASIA PACIFIC PROJECT CONTROLS SUSTAINABILITY PROJECT OF THE YEAR

This award has been designed to not only celebrate organisations and projects that actively contribute to the sustainable Environmental, Social and Governance (ESG) agenda, but also to create awareness on practical and sustainable actions that organisations can learn from, build on and evolve, by giving visibility to this critical and not to be ignored issue.

Everyone has a responsibility and everyone has a part to play in creating impactful projects that do not damage the planet and the communities around them.

Sustainability is about creating better assets, better places and better communities - in combination they then create great economic and environmentally sustainable futures.

WHAT THE JUDGES ARE LOOKING FOR

The judges are looking for projects and organisations that go beyond greenwashing and point solutions. Submissions that demonstrate how they have integrated the ESG agenda in designing futures, collaborating to reduce and sustain the long term impact on the environment and how they have built & brought communities, existing and new, along the journey so they are not shut out as a result of regeneration and growth.

ESG PRINCIPLES (50%)

- **Embedding of principles: Up to 500 words**

Evidence how the quality of your design in embedding ESG principles in both the build and or operationalisation of an asset, a project or a programme

- **Implementation: Up to 500 words**

Evidence how the transition of the design in to practical implementation in the real world.

- **Influence: Up to 500 words**

Evidence how have you influenced the supply chain and customers to align with your organisations/projects ESG values to ensure the end to end and whole life footprint of your project has been considered.

There will be no discussions or interviews with applicants of the awards' submissions. Each written submission and documents are reviewed by a team of independent, professional, industry judges who will not confer on entries. Their decisions are final.

Please note our rules of entry document on www.projectcontrolexpo.com/awards

From 25th May 2018 it is essential for organisations to be GDPR compliant. On the Awards web submission form there is a check box to allow your submitted data to be used for the awards judging process. Please ensure the box is checked for your submission to be valid.

Project Controls Expo is organised by ProjectControlsOnline.com (PCO) and supported by AACE, ACostE, ECITB and PMI UK.
