

# ASIA-PACIFIC PROJECT CONTROLS EXPO INNOVATION OF THE YEAR

## WHAT THE JUDGES ARE LOOKING FOR

Judges are looking to recognise the use of innovation within Project Controls for projects (encompassing projects, programmes or portfolios) and see how its wider use within organisations and society can contribute to successful change. Innovation could include a method employed, the overall novelty of the project or the transformative outcome in creating more professionalism by, for example, gaining inclusion into the various BoK's (Bodies of Knowledge) that exist and therefore be available to be part of the daily practice of Project Control professionals wherever they are.

Each of the criteria is scored between 0 (no evidence at all) and 10 (perfect evidence) with each section being weighted accordingly (see %).

## PROJECT CONTROLS MANAGEMENT (20%)

### › Context: Up to 250 words

- Describe the background of the project and the specific innovation including how the need for it arose.
- What specific aspect of professionalism was it aimed at and how was it addressing it?

### › Delivery: Up to 250 words

- Describe the methods and techniques used to effectively manage the delivery of the innovation including outputs, outcomes and any benefits.
- How did this positively impact the ultimate delivery?
- Was it still ultimately delivered on time, to budget and to the required standard?

### › Interfaces: Up to 250 words

- How did the management of the innovation interface with other areas and disciplines?
- Outline any disciplines, challenges or barriers that needed to be overcome.

### › People: Up to 250 words

- Outline who worked on the project, who came up with the innovation, and explain how they were motivated.
- Explain how the innovation and attitude of the innovator, and their relationships, were effectively managed.
- How was a professional approach developed and maintained throughout?

There will be no discussions or interviews with applicants of the awards' submissions. Each written submission and documents are reviewed by a team of independent, professional, industry judges who will not confer on entries. Their decisions are final.

Please note our rules of entry document on [www.projectcontrolexpo.com/awards](http://www.projectcontrolexpo.com/awards)

From 25th May 2018 it is essential for organisations to be GDPR compliant. On the Awards web submission form there is a check box to allow your submitted data to be used for the awards judging process. Please ensure the box is checked for your submission to be valid.

## CHALLENGES, INNOVATION AND LESSONS LEARNED (50%)

### › **Challenges: Up to 250 words**

- What difficulties were encountered during the implementation of the innovation within your project?
- How did you or the business overcome these challenges?

### › **Innovation: Up to 500 words**

- Explain in detail what the specific innovation was and how it was used to transform the way Project Controls were utilised within the project to assist its delivery.
- What tools and techniques were used to manage this specific innovation?
- How did this impact the successful delivery of the project?
- How can the universal profession benefit because of this innovation?
- Do you expect this innovation to be reflected in future BoK (Body of Knowledge) publications e.g. Project Management Institute (PMI) or Association for Project Management (APM) and, If not, why not?

### › **Lessons learned: Up to 250 words**

- What were the key lessons learned from this innovation that have been captured and shared within your organisation or project?
- What methods were used to document and then share these experiences internally?
- What process has been utilised to share it with wider society?

## RESULTS & BENEFITS (30%)

### › **Up to 500 words**

- What results have been seen to date from the innovation?
- What realistic future results are expected from the innovation and how will this be measured?
- Describe the results of your project and the benefits to your organisation.
- How did your project achieve what it set out to do?
- Describe the results and benefits for your project team.
- What will the project team take away with them into the next project?
- Describe the results and the benefits for the customer/end user.
- Why was your project seen as a success?
- Describe the results and benefits for other stakeholders.
- How does the successful delivery of this project benefit wider society?

There will be no discussions or interviews with applicants of the awards' submissions. Each written submission and documents are reviewed by a team of independent, professional, industry judges who will not confer on entries. Their decisions are final.
